At Pompeii Pizzeria our hearth oven reaches temperatures over 750° fahrenheit, cooking artisan pizzas to create an authentic Neapolitan **experience**.

The small batches of dough made daily are always at the right stage of development for the perfect crust. Select a pizza with bright tomato sauce blended from simple and fresh ingredients or try the white sauce made from the finest crème fraiche for a unique and delicious nutty flavor. All pizzas include Sicilian olive oil, fresh mozzarella, parmesan cheese and sea salt. The fresh mozzarella cheese is stretched from curd every morning in the pizzeria to achieve the best flavor and texture for our pizzas and salads. We top our pizzas with fresh herbs including basil, spinach and arugula. The finest available, our meats include prosciutto, salami and pepperoni. Choose from chef-selected combinations or create your own using specialty toppings including chicken, kalamata olives, artichokes and garlic.
